

Would you benefit from financial assistance to help pay your fees?

There are a number of different organisations that you can apply to for financial assistance with paying for fees, apparel, or equipment needed for riding and participating in our programs. Such funding may cover part, or all of the costs associated with term fees.

N.B. As a participant or parent/caregiver of a participant, you will need to apply to these organisations individually.

Example organisations and links are noted below:
